

Garapine Canberra Themed Camp in Queensland

ABOUT OUR CANBERRA THEMED CAMP

As outdoor educators we know that experiential learning works and we don't want students to miss out on that big memorable camp experience.

With Canberra being an expensive cost for parents and prohibitive to some students attending, we are bringing it closer to home.

Using traditional camp activities and team challenges, groups experience democratic government and Federation. Plus students get the experience of being away from home and travelling to a new place, developing independence and self-confidence in preparation for high school.

ACTIVITY SESSIONS

Questacon Session

Hands on STEM team challenges

Federation Session

Experience Federation with shelter building for your colony, celebrating Federation with damper making and working together on team building challenges.

Adventure Sessions

Chose a fun outdoor adventure activity for your group (e.g. kayaking, giant swing) building personal and social capabilities.

Mock Parliament

As an optional night time activity, run a mock Parliament, all resources provided by Garapine.

PERSONAL AND SOCIAL CAPABILITY

Not only do we cover key curriculum content, but camp at Garapine is also about developing personal and social capability with our aim to:

- Develop interpersonal and social skills
- Appreciate the different insights and perspectives of others
- Develop skills to plan, problem-solve, negotiate and lead
- Build personal identity and sense of belonging
- How to contribute to your community
